It doesn't take a French harp artist to give an imitation of "Home, Sweet Home" on a roasting ear.

The keynote of the Republican campaign in Kentucky seems to be something on the order of a promise note.

The difference between a peach and a lemon seems to be the comparison of a real pretty girl and the fellow who tried and couldn't get her.

The first day of the Ohio County Fair—the biggest and best Fair in the country—TO-DAY. Three more days, and it gets better each day. Every day worth the name and the price.

Next week is Kentucky State Fair Week, and Louisville is the place. It will undoubtedly be the biggest fair ever held in the old Commonwealth. Every preparation has been made to make it so. Thursday, September 19, will be Kentucky Day, and it will be the banner day of the whole business. All who can possibly go, should be there. In fact, few can afford to miss it.

In telling of anything extraordinary or otherwise, that you have read, a matter of news or a subject of general interest—especially if it pleases you—and you can remember that such was the case, it will be a favor much appreciated and an effort which will cost you nothing, if you will add that you saw it in the Hartford Herald. A paper's popularity is gauged by its friends. These are they who encourage the editors' effort by hearty commendation.

Some of the Republican leaders and agitators are saying that Judge Hager can't make a speech. They say he can't even talk a little bit. It's a shame about that—scandalous shame. But say—just turn to the second page of The Herald to-day and read all that page, then look across and read more than half of the third page, then turn to the seventh page and then to the eighth page and finish up the story. See if you don't think it is a great speech. And Hager made it.

Without reflecting upon the availability or fitness of any other man who might aspire for the place, it seems to be a matter of regret among the press of Kentucky that R. W. Bingham could not be a candidate to succeed himself as Mayor of Louisville. True, the out-in-the-State people are little if any affected by the mayorality of the Falls City, but Mr. Bingham stands for a principle and an issue that are just now of much moment in the State.

The well known and popular Third Kentucky Regiment Band has been employed and will make music for the Ohio County Fair which begins September 11, continuing four days.

Farmers Have a Right to Combine. That farmers have a right to combine to sell their crops has been disputed by some of the newspapers who are opposed to the best interests of the farmers. For the benefit of all concerned, the following act of the Legislature of

Kentucky, under the date of March 21, 1906, is published:

"It is hereby declared lawful for any number of persons to combine, unite or pool, any or all of the crops of wheat, tobacco, corn, oats, hay or other farm products raised by them, for the purpose of classifying, grading, storing, holding, selling or disposing of same, either in parcels or as a whole, in order for the purpose of obtaining a greater or higher price therefor than they might or could obtain or receive by selling said crops separately or individually."

Remarkable Decrease of Arrests Under Local Option.

Mr. C. E. Wood, Mayor of Richmond, Ky., has been investigating the records of his city and has collected the following facts and data:

Facts are stubborn things, the old saying has it. I have made the following discovery from the official records of the City Police Department:

MONTHLY ARRESTS FOR DRUNKENNESS.
Arrest for drunk in July (Local Op) 8
Arrest for drunk in June (12 saloons) 36
Arrest for drunk in May (12 saloons) 44
Arrest for drunk in April (12 saloons) 76
Average monthly arrests before local option for drunks, 52; under local option only 8.

COURT DAY DRUNKS ARRESTED.

April court day drunks (12 saloons) 22
May court day drunks (12 saloons) 12
June court day drunks (12 saloons) 9
July court day drunks (Local Op) 1
Average court day drunks before local option, 14; under local option 1.
TOTAL ARRESTS ALL KINDS.
April (12 saloons) 96
May (12 saloons) 56
June (12 saloons) 50
July (Local Option) 20
Total arrests April, May and June, before local option, 202; average 67; for July, under local option, 20. Every man locked in jail costs the city 50 cents and 50 cents per day for board. It has been costing the city in jail fees about \$1,100 per annum.

Colt Show.

At the mule colt show here last Saturday, given by Black & Birkhead for colts of their jack, "Cyclone." Mr. Harve Williams, of Taylor Mines, received the \$7.50 premium in the ring for horse mules. Mr. J. D. Taylor, of near Beaver Dam, received the \$7.50 premium in the ring for mare mules. The following gentlemen acted as judges: Mr. John C. Riley, Mr. Os Bratcher and Mr. Joe Bennett. There were twenty odd colts shown and were pronounced by all present, as being the nicest lot of mules seen in many years. After the ribbons were tied Mr. J. K. Tinsley sold his colt to Mr. Harve Williams at \$75. Mr. Williams also bought a colt from Mr. Wm. Brown at \$75. Mr. Richard Plummer bought a colt from Mr. Travis at \$75. Mr. J. K. Tinsley has realized altogether \$100 for his colt having won the \$25 premium at the Street Fair in July. Many owners missed good prices for their colts by neglecting to fix them up and have them here.

Parachute Leaps at the Fair.

Prof. O. K. Bryant, of New York, will give balloon ascensions at the Ohio County Fair on Thursday and Friday afternoons. At the height of 4,000 feet he will leap from the balloon with parachute and make a thrilling descent to earth. Don't fail to see it. Remember, Thursday and Friday.

WANTED, FORTY DOLLARS, BY REPUBLICAN MANAGERS

The Regular Assessment of Federal Employees is Now Being Conducted.

The Louisville Times says: Col. Albert Scott, chairman of the State Republican Campaign Committee, has just sent out to Federal employees a second letter "jacking them up" for not responding more promptly to the \$40 assessment recently made against them to carry on the State campaign.

The assessment of Federal employees is a favorite method of Republican Campaign committees in raising money. Pernicious political activity is openly frowned upon at Washington, but the Federal employees are quietly given to understand that they must "come across" if they expect to retain their positions.

The latest letter of Col. Scott, which is the second of its kind to the Federal employees, is as follows:

Dear Sir:—Your attention is most earnestly called to our recent letter requesting financial aid for the present Kentucky campaign. Your failure to respond is seriously embarrassing our work, and the committee appeals to you for prompt action. Your contribution now will be of much greater value to the party than it would be later in the campaign.

We believe you have at heart Republican success in Kentucky, and that you know something of the difficulty of making a fight against the powerful Democratic machine now in control of the affairs of that party. Will you not, therefore, gladly assist us in maintaining Republican principles, indorsing the present splendid national administration, and also assist in placing Kentucky where she ought to be—in the front rank of the great States?

Awaiting an early and favorable response, I am very respectfully,
Albert Scott, Ch'm'n.

Work Progressing Nicely.

Frankfort, Ky., Sept. 5.—Work on the capitol building is progressing very nicely, but will be a little retarded through the discovery that three of the large granite columns for the interior were broken when received here. They were condemned at once and an order given the Vermont quarry to rush three new ones in their place, that no more delay than necessary may be had.

Why is the Ocean Salt.

The Creator made the ocean salt to save the land from putrefaction. The winds blow everything offensive and pestilential (as far as we allow them to do the work of boards of health) out to sea, where all humors are absorbed by the hungry waters. Salt is a purifying agent. The ocean is a great manufacturer. It converts everything foul into health making ozone and hands it back to us without charge. No Government label is

necessary. Stand on the prow of a ship for three hours a day, deep breathing like an athlete, and your lungs will be cleaned of everything poisonous. Your blood will leap through veins and arteries. Your heart will be obliged to thump with renewed force. This tide is the ocean's tongue. It comes in twice a day to lick up the foul things of the earth and convey them to the ocean's stomach, where they are digested, salted down, cured and rendered pure again. —[Marine Journal.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, are all-wheat bread will have the same effect. There undoubtedly is a vegetable remedy to relieve every ailment known to man, if physicians n but find Nature's way to health. And this is kindly true with regard to Constipation. The bark of a certain tree in California—Cassia Sagrada—offers a most excellent aid to this. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this ne Cascara bark is given its greatest possible power to correct constipation. A toothsome and pleasant Lax-ets is now made at the Shoop Laboratories, from this ingenious and effective prescription.
